COVER STORY

A gay background of fireworks and this night-time photo of Queen Victoria's statue on the grounds of our Legislative Buildings seems appropriate to the month of May, the month in which our first summer holiday falls. Though the holiday now falls on the Monday of the week in which the 24th of May occurs, we still remember that the 24th was the birthday of Victoria, great-great-grandmother of Queen Elizabeth II.

I Want to Know..

How can an employee obtain a transfer to an Eaton Store in another city?

While a job in another branch cannot be promised, if an employee speaks to his manager and then calls at the Personnel Office and informs that office of his plans, every possible assistance will be given.

May an employee leave his money in the Time Deposit Account when he retires?

Yes, an employee may retain this account after he retires.

If an employee leaves the Company to work elsewhere, may he leave money in a Time Deposit Account?

No. Money must be withdrawn and the account closed.

What is Severance Pay and under what circumstances do employees receive it?

Severance pay is a lump-sum payment which is made to an employee whose employment has been terminated by the Company. Severance pay is not given to any employee who has had less than one year's service with the Company or in cases involving dishonesty or other misdemeanors. The amount of payment is based on salary and length of service.

Why must women employees retire at age 60 when men are permitted to work until age 65?

Before our plan was inaugurated much research was done and many pension plans were examined. It was found that these ages appear to meet the desires and needs of the majority.

WIND-UPS CLOSE THE 1960-

These pictures may convey to those who were not there the happy atmosphere of the closing events of our two larger Eaton curling clubs. Above we have pictures taken at the smorgasbord dinner held at Vasa'Lund on Thursday, April 13 by the Men's Curling Club and attended by 250 people, the curlers and their ladies, friends and honour guests. That's Ted Ritchie, President, standing in the centre at the top and a very able host and M.C. he was. The evening was completed with dancing, the novelty dances and stunts being enjoyed even by those who merely watched.

The lower group of pictures was taken at the dinner held at the Sportsman's Club on Monday, April 17 by the Women's Curling Club. This was a strictly "hen party" affair attended by about 85 women. Mrs. Greenberg, President of the Manitoba Ladies' Curling

Association, was present. She is the lady seated in the centre of the top picture just below with Veronica Walsh standing beside her. The Past President, Kay Shores, is seated in the picture below Mrs. Greenberg's and the new President is the smiling trophy winner, Elva White, at the far left of the lower row. The honour guests were pressed into the entertainment features, see top row far left, Mrs. Muirhead at the drums, Mary Moore, Mrs. Sutherland, Mrs. Ritchie, Mrs. Screamton and Mrs. Greenberg.

—And here, in the fine print, items of interest to curlers. Joan Ingram rushed away from the Women's wind-up to help win first prize in the main event in the Heather 'spiel. Joan played second for Archie Sloan. The prize was a picnic case with all fittings.

An item from the "Scotch Cup" News—under the heading "This Curling Season Good for Eight-Enders," we note that from Toronto's Boulevard Club is reported one of these curler's dreams credited to a rink made up of Ken Sutherland, skip; John Johnston, Hugh Vallery and Sid Kinnel. All from our Catalogue Division will recognize the first two names.

On April 3 the management of 116, with many of the staff and ex-staff members as well as many of Kay Lewis' friends, met to dine in her honour at the St. Regis Hotel on the occasion of her retirement.

The after dinner speeches were high in their praise of Kay, who has rendered a life-time of loyal, devoted service, truly a labour of love.

In the absence of Mr. Blythe, Mr. G. Robinson made the presentation on behalf of those present with suitable words of commendation and good wishes for her future.

Kay received a lovely three-piece dresser set; a sparkling pin with matching bracelet and two beautiful crystal lamps. The evening closed with the singing of "For She's a Jolly Good Fellow" (and we never meant it more) with many good wishes extended to Kay.

April 5, the day of her departure, brought Kay mixed emotions of glad surprise at being the recipient of so many lovely gifts and sorrow at leaving all the host of friends she has endeared unto herself over the 44 years of service with the Company. There seemed no end to the opening of gifts and the display was amazing, not to mention the flow of friends who came to bring their warmest wishes for future enjoyment for the years ahead.

Kay's gift from the department was sparkling cross and olive crystal table-ware, and from her staff a luxurious white fur bedroom rug. We hear Kay has adopted a "pooch" to help fill the vacancy we've left. All we have to say is "the lucky dog!" Good health and much happiness attend your way is the wish of all of us, Kathleen.

Olga Roik's desk was pretty with pastel gifts as she left April 14 to become a bride. She received a pink clothes hamper with matching bath set from the department and an aqua canister set and other useful gifts from friends. Her wedding to John Penner was solemnized on April 22 at Christ the King Church. Our best wishes for your happiness.

We joined in wishing Vera Cracknell and Doreen Whitely "happy landing" and a grand holiday as they took flight to Britain on Monday, May 1.

All were given a delicate and ingenious touch, making the original forms a master's creation. Doris was presented with gifts of lovely crystal from the staff.

Several members of the staff left our office to embark on other careers. The best of luck to Jackie Meisner, Sharon Carswell and Jean Klassen. Marion McKay transferred to Haney, B.C., after seven years in 184.

Presiding over the gathering, Mr. J. Leighton paid high tribute to Millie's character and accomplishments as head office girl in Department 29. He thanked her on behalf of the Company for her competent and loyal service at all times. To this Mr. G. Firth added his appreciation for the splendid co-operation and efficiency she had given to her work. Mr. Leighton then asked Millie to accept the gift of a crystal necklace and earring set as a token of esteem and good wishes of her assembled friends.

Millie, in expressing her thanks, said how very much she had enjoyed her work and it was only after much serious thought that she had come to her final decision.

A gaily decorated desk awaited her—and yes, a very beautiful orchid corsage from one of her male admirers. Mr. Firth presented the department gift, a gold suede car coat, wishing her every success in her new business career. There were also many beautiful gifts from friends in the Catalogue Building with whom she has been associated over the years. All the best, Millie, from us all.

RESULT OF BLOOD DONOR CLINIC

Thank you, donors, for responding to the call for blood in April. You will be glad to know that 437 Eatonians donated, an increase of 20 over last November's clinic and the number would have been even higher if some had not been forced to cancel because of flu and colds.

STAFF TRAINING REPORTS

A VISIT TO THE WINNIPEG TRIBUNE

How does a daily paper manage to get its product on the street on time and every day? It's a question that puzzles us all and a group of department managers had the privilege of seeing just how it is done. They visited the Tribune on Tuesday, March 7, and were taken through the plant and shown all the processes that are involved in rushing a paper through. Finally they stood beside the giant presses and watched the experts make the final tests, take off a dozen or so papers at a time for checking, and when all met with their approval, give the signal which started the run and then listened as the machinery gathered momentum and the murmur grew to a roar.

The above picture of a few of the group members was taken as they started their tour. It was rushed through development and printing and a plate was made by a new machine called a Scanagraver, an electronic engraving machine which produces the plate on plastic by a process resembling that used in television. This picture appeared within three hours in the paper.

The Tribune visit was part of a course of 12 meetings held weekly during February, March and April and attended by 25 Department Managers. These were arranged by V. H. Young of the Staff Training Department. The speakers included Mr. J. Bruce, Mr. B. C. Sutherland, Mr. K. A. Smith, Mr. T. L. O. Thomas, Mr. H. D. Macnamara, Mr. J. Paul, Mr. G. R. Purchase, Mr. W. J. Thomson, Mr. G. M. Bell, Mr. R. D. Parker and Mr. J. L. MacKechnie. The subjects ranged through the whole field of retailing.

The final meeting for the season for this group was held on Tuesday, April 25, when Mr. F. G. Peskett from Toronto, Staff Superintendent for the Company, spoke to them and answered questions concerning Company policies.

The Group Members for the Past Season Were:

J. A. Baxter, 265	L. G. Curtis, 217	T. R. Humphreys, 928	T. M. Milroy, 456

CHANGE ON THE SIXTH FLOOR

Anyone who has not visited our Sixth Floor for several months is pleasantly startled by the changes which have taken place. We had some pictures of the Gift Shop in the November issue and we add these of the Book Department, the Interior Design Studio and the Pictures and Mirrors Department. To further adorn this floor, we had, during Easter week, a most interesting exhibit of Art produced by the students, young and older, of the Winnipeg Schools.

A visit to the sections where paintings and prints are sold is a delightful experience whether we go to browse or buy. Keep in mind that a picture as a wedding gift or an anniversary present is a very acceptable idea. If we plan some decorating, or even a bit of re-decorating, this spring, the people in Interior Design have the training and are filled with inspiration. . . And what would we do without the Book Department and its helpful staff when we need information or recreation?
